**ILP30**

ILS30

LCD monitor hanger

The LCD monitor hanger models **ILS30** and **ILP30** have been studied for giving a strong and quick fastening and at the same time a pleasant installation. The model **ILS30** thanks to the adjustable ceiling bracket, has a wide range of monitor positioning (vertical and horizontal) and the internal passage of the cable makes a pleasant installation.

Suitable for LCD monitors from 15" to 30" with standard VESA75/100, indicated for most popular monitors.
